

SUMMARY

'Just Do Something' calls us into taking initiative. Pastor Erwin teaches us the tragedy of living a passive life as observers on the sidelines. When we delight in God, we become intensely passionate about life, so why do we live lives stuck in neutrality? Followers of Jesus often make two mistakes: they live their life focused on not doing wrong, and, because of that, they never actually take initiative to create good in the world. Some people may aspire to do good but then become paralyzed in waiting for God to tell them exactly what to do. The truth is, the spiritual act isn't to wait or to spend your energy avoiding 'wrong' - the spiritual act is to just do something!

If you are unsure where to begin, start with your passions. If you are passionate about God, you can trust your passions. When you move in doing something good in your life and in the world, God will then begin to clarify His mission for you. Let's get moving!
